About the Job

Voyager Capital Management is seeking to add an experienced Investment Advisor to support our established and growth oriented office in the Milwaukee area.

This person will take over and expand an established book of business and client base. This is a great opportunity for an advisor to begin with a book of existing accounts and be empowered to grow the business with marketing, administrative, and technological support.

An ideal candidate will have a minimum of three years proven production experience preferably in an independent Registered Investment Advisor firm. Be familiar with the market and have a network of clients and referral sources in the high net worth community. Must have Series 65/66, CFP and/or other industry designations preferred.

If you are a degreed professional with the appropriate experience, please contact us for confidential consideration at: rja@voyagercapitalmgt.com

or mail your resume to:
